

## Our online publications

### “Just do it now” (DVD)

Our database provides guidance on what to bear in mind when hosting volunteers who have an impairment/disability or when sending them on assignment. In it, we show how voluntary service can be made inclusive from initial contact, selection, preparation, implementation and support measures right through to post-assignment activities.

### “Let’s Play” (handbook)

Inclusive methods, games and energizers for volunteer services. This handbook presents ten ice-breaker games, 24 energizers and other ideas for seminars for inclusive groups.

### “Incredibly Inclusive” (handbook)

This handbook is a treasure trove of ideas and good practice on how to make education and mentoring for volunteers more inclusive and accessible.

- Training courses
- Provision of information about inclusion
- Referencing in our PR activities

If your organization would like to join our network or if you’d like to get free advice or take part in one of our training courses, please feel free to contact us.

In 2012 it began working on dismantling structural barriers to participation and on inclusion of volunteers with an impairment/disability in the weltwärts program.

We support and assist implementing and partner organizations seeking to make voluntary service inclusive.
